

The image shows a complex PCB layout for a Bluegiga BLE112 module. The central component is the Bluegiga BLE112 module (U1). The layout includes a top header with pins P10, P11, P12, P15, P16, P17, P20, P21, and P22. The bottom header has pins P05, P04, P03, P02, P01, P00, RES, 3V3, and GND. The board is populated with several resistors (R1, R2, R3, R4, R5) and capacitors (C1, C2, C3, C4). A USB port is located on the left side. The layout is enclosed in a rectangular frame with a gear icon in the bottom right corner.
